Offer-No:202105001

03.05.2021

item-no	quant.	description	price Euro	value Euro
1	1	Laser 532 nm, 200 mW Diode pumped solid state laser, Power of 200 mW at 532 nm, Linewidth < 1 MHz, Coherence length > 50 m, Wave length stability < 1 pm, Single Mode (TEM00), Power stability +/- 1 %, Optical noise < 0,2 %, Polarization ratio 100:1 vertical, Warranty 12 month or 5000 operating hours.	14.000,00	14.000,00
2	1	Laser 561 nm, 200 mW Diode pumped solid state laser, Power of 200 mW at 561 nm, Linewidth < 1 MHz, Coherence length > 50 m, Wave length stability < 1 pm, Single Mode (TEM00), Power stability +/- 1 %, Optical noise < 0,2 %, Polarization ratio 100:1 vertical, Warranty 12 month or 5000 operating hours.	15.750,00	15.750,00
3	2	Laser power variation Laser modification for variable power adjustment from 30% - 100% (50% - 100% for 553 nm).	1.000,00	2.000,00
4	1	LDV Probe 2D fp50-shift 2D integrated sending and receiving optic (shifted), incl. Bragg cell, incl. changeable front lens f=400 mm, beam distance 45 mm.	22.000,00	22.000,00
5	1	Mount fp50 Optical bench to mount the probe and to rotate it along the optical axis. Incl. rail to match the probe.	590,00	590,00

This is in accordance with our general terms and conditions of business, see www.ila-rnd.com

Offer-No: 202105001

03.05.2021

6	1	Receiving optical fiber Multimode receiving optical fiber, 5 m length, with FSMA connector, core diameter equals to 300/330 µm.	600,00	600,00
7	1	Protective goggles for laser radiation ▪ Full protection mineral glass filter ▪ Protection level according to EN 207: 180 - 315nm (OD9+)D LB9 + IR LB5 + M LB6Y >315 - 515nm (OD8+)D LB6 + IR LB8 + M LB7Y >515 - 578nm (OD7+)D LB6 + IR LB7 + M LB7Y ▪ Colour: red ▪ Daylight transmission (VLT) ca. 10% (sufficient subjective brightness) ▪ Fluorescence effect for alignment ▪ Multiple adjustable Duoflex temples ▪ Good field of view ▪ CE certification	490,00	490,00
8	1	2D-Controller Analog signal preprocessing, fiberbased, incl. Power supply for photo multipliers, analog bandpass filters, downmix unit for shifted systems, and 6 analog input channels 4-20mA to connect other devices to the controller in order to consider additional physical conditions and/ or measurements simultaneously with the measurement of the LDV signals Remote controll via Ethernet Low pass filter for input signals optional to switch on Pulse outputs for flowmeters can be evaluated alternativ.	15.400,00	15.400,00

Offer-No: 202105001

03.05.2021

9	1	LDV Workstation with Intel Xeon Processor Preinstalled Workstation for LDV-Measurements: Intel Xeon Quad-Core 3.40GHz, Supermicro Workstation Mainboard with Intel Chipset, 16GB RAM DDR4 EEC REG, AMD/Nvidia graphics card 2GB RAM, SSD 256 GB, USB 3.0, ATX Mid Tower Case, Full Card Length PCI/PCI-E, incl. 32" Monitor, DVD writer, Keyboard, Mouse, Windows 10 Professional x64 (German/English). Warranty 36 Months.	1.925,00	1.925,00
10	1	2D-LDA Evaluation Software "LDA Control Qt 64bit" Software for Doppler Burst Analysis by FFT up to 64 K resolution, different evaluation methods, time plots, automated profile measurements, different interpolation methods and window functions, ASCII export for all data.	3.190,00	3.190,00
11	1	PC-spectral analysis modul 50 MHz-PCIe x1 Bandwidth rate 50 MHz, 8 Bit resolution, entry voltage +/- 50mV, +/- 200mV, +/- 500mV, +/- 1V, two channels, 512 Mbyte RAM.	3.900,00	3.900,00
12	1	3D-Traversing System Motorized positioning system with 3 axes, 1 linear guide rail and mounting frame with height-adjustable feet. Linear vertical stage with 1500 mm travel way. X stage 300mm, Y stage 300mm. Incl. Traverse Controller, holders and software TAG (Traverse Auto Grid).	14.300,00	14.300,00
13	1	Transport Suitcase LDV Controller Robust suitcase for LDV Controller, made of tough Plastazote LD29. Incl. labeling compartment.	400,00	400,00

This is in accordance with our general terms and conditions of business, see www.ila-rnd.com

Offer-No: 202105001

03.05.2021

14	1	Transport Suitcase LDV Probe Robust suitcase for LDV Probe, made of tough Plastazote LD29. Incl. compartments for rail and three additional lenses.	400,00	400,00
15	1	Installation + Training Mounting and installing of the system, as well as an introduction to the system and software. 1 day. Flight is not included and will be charged extra. If due to the covid situation on side installation is not possible, we offer a online installation and traning for 2 days.	1.500,00	1.500,00
16	1	LDV-2D-Probe Calibration with 1 lens ILA Calibration, practical fringe distance determination. General price for 2D Probe with 1 front lens.	1.400,00	1.400,00
17	1	Discount	-3.000,00	-3.000,00
Total Euro:			94.845,00	

The offer is subject to confirmation and without obligation. Quotation is valid for 60 days. All prices are exclusive VAT and delivery. The customer is responsible for the proper handling and payment of the required customs duties and fees. Payment terms: ~~14 days netto~~.

Payment terms: 50% on order, 50% on delivery.

We hope this offer meets your expectations.

Best regards
